APPLICATION PRIVACY STATEMENT

We respect your privacy. Therefore, we have developed a Privacy Statement (hereinafter referred to as "this statement") that covers how we collect, use, disclose, protect, store and transfer your personal data. Please take a moment to read and understand our privacy statement and let us know if you have any questions.

Personal data means any electronic or other information which alone or jointly with other information can be used to identify a natural person or make him/her identifiable. This statement explains how we process your personal data, but does not cover all processing scenarios as you will be informed in specific processing activity. Therefore, before using a specific product or service, it is recommended that you read the privacy notice or supplementary statement released by us for that product or service to understand how it processes your personal data.

This statement applies only to personal and home products, including computer applications, mobile services, software, toolkits, websites, and services that display or mention this statement.

This statement describes:

1. How We Collect and Use Your Personal Data
